

Year 5 Learning Log

Week Beginning 8th June

Bore da Blwyddyn 5!

You've all been invited to join our online meetings this week and I'm really looking forward to catching up with you and hearing all your news!

Here are the Home Learning tasks for this week

BIG SCIENCE HALF TERM

This week we are beginning a new science project where **YOU** get to choose what you would like to investigate!

Look at the PDF on the class page. Click on the link, then choose 'Log in with Microsoft' to watch Mr Mussa's Fipogrid video. It will give you an idea of the kind of things you could investigate. You may do more than one enquiry.

Record your video to tell us what you have discovered and watch videos that other children across KS2 have posted too!

I hope you will enjoy it!

Spellings

MUST	SHOULD	COULD	Common words
injure surprise further urgent purpose	disturbance murmur certain miserable surprising	furniture government guarantee frequently mischievous	Thursday Saturday nurse burst church

Select one from each column to use in a sentence.

Maths

This week's topic (Wk 7 8th June) is decimals as fractions

I have also attached the links for this week's daily videos.

You must watch the video **before** doing the worksheets.

The worksheets for this week are attached. Another folder contains the answers for you to check with your parents.

The activities can be printed out or you can look at the questions on the screen and write the answers down on paper.

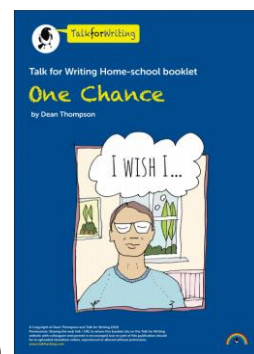

Lesson 1- Decimals as fractions

Lesson 2- Understand thousandths

Lesson 3- Rounding decimals

Lesson 4- Ordering and comparing decimals

Lesson 5- Activelearn

Talk for Writing Wk 2: 'One Chance' (booklet is on the class page)

This week we are developing our skills, just like real authors have to do in order to become good at writing. They analyse what they read and then they practise writing.

Here are suggested sessions for this week:

Session 1: (pg 14-15) Likes, Dislikes, Puzzles & Surprises

Session 2: (pg 19-17) Closer Reading

Session 3: (pg 18-19) Creating Mood

Session 4: (pg 20-21) Writing Speech Effectively

Session 5: (pg 22) Decide on Your Wishing Story

There was some lovely writing about the Mirrors of Wishes and Despair last week- well done! I know that I'm going to receive some brilliant 'wishing' stories from you next week!

RE: The Ten Commandments (see attached PDF on class page)

Last week we began our new topic, 'Freedom & Responsibility' and we thought about how rules guide us to make sensible choices. This week we will turn our attention to the time when God gave Moses the laws for living peacefully with others-the Ten Commandments.

Read and think about the 10 Commandments. How can we follow them in our daily lives?

Bug Club Reading

Well done all of you who are reading every day- you are really developing your accuracy and comprehension skills!

Remember to answer **every** question to complete your reading book. When you are typing an answer you should use the evidence from the book; a one-word answer is not enough detail!

When you have closed the book you can give it a rating.
