

Year 2 Learning Log

w/b 4th June 2018

- Spelling**: -tion (says 'shun') and high frequency words

MUST	SHOULD	COULD
very	lotion	information
every	potion	international
even	station	situation
also	pollution	introduction

World Environment Day

We are learning about ways we can look after our world. Complete the chart to show what you can recycle and discover how much your family recycles in just a few days!

Numeracy

This week we are practising telling the time. By the time children leave Y2 they ought to be able to read the time on both analogue and digital clocks to the nearest $\frac{1}{4}$ hour and begin to work out how long an activity lasts. Keep looking at clocks around the home and when you are out and about. Ask someone who is good at telling the time to help you. Think about how long activities last, eg. what time did you get up? How long did it take you to get ready for school?

Kerbcraft

Thank you so much to all volunteers who have given up your free time to help with our Kerbcraft sessions- without you, we wouldn't be able to run this programme! Kerbcraft continues each Tuesday afternoon, ending Tuesday 3rd July. Are you able to come and help us on one afternoon?

These sessions will take place even if it is raining, so please send your child in to school with a hooded coat if the forecast is for rain. Thank you.
