

CTK Year 1 Homework 2024

Points to note:

- Homework activities will be shared on Seesaw each Tuesday and should be completed by the following Monday.
- Pupils should log into their own pupil account on Seesaw using the QR Home Learning code sent home on paper, to access homework activities.
- Only activities stored in the homework folder should be completed at home.

- Homework tasks will be one maths activity, 6 spelling words based on the phonics being taught that week and reading tasks.
- Pupils will bring an own choice daily reader home in their blue book bag. Please send the book bag to school every day. Pupils will only bring a new book home if they have their book bag. Parents and carers should record the date and title of the daily reader in the white reading diary and sign the end column once the book has been shared at home. Please try to read at home for 10 minutes each day.
- In addition to the daily reader, a reading book aimed at supporting the reading skill taught in the group reading session in class will also be sent home. This will be recorded in the white reading diary, once a week by the class teacher (Mrs Watts).
- Pupils will also have access to a Bug Club reading account on the Active Learn online educational platform. E books and games will be assigned weekly. These can be used alongside or instead of the physical books sent home in book bags.
- Knowledge Organisers will be shared at the start of each new learning context and R.E. topic for families to share with their children.
