Zimi's story

Year 2 Treasures

Hi!

My **name** is **Zimi**.

I am 10.

I live in a **village** in **Zimbabwe**.

I **live** with my **Aunt** because my **mum died** a few years ago.

I **feel sad** when I remember my mum but Auntie Judith **cares** for me well.

I am **happy** to live here with my **family**.

I think **water** is very **precious**.

In my **village** there is **little rain**.

When the **wells** had no **water** we had to **travel** for **hours** to fetch water from another **village**.

I get a lot of **nosebleeds** and if **water** isn't available, how do I **clean** my **face**?

If we **don't have water** we can't **wash** our **hands** after break and our **exercise books** get **covered** in **sand** and **dirt**.

CAFOD helped to fix the **wells**.

Now we have clean water.

CAFOD also helped to put **toilets** in my **home** and **school**.

Now the **wells** are **working**, I have more **time** to do **things I like**.

Before, I would spend most of my **spare time** fetching **water**.

Now I have **time** for

fun stuff.

I think **water** is very

precious

and important
in **life** because
without **water** you
cannot survive.

Living in a place **without water** is very hard.

Thank you God for the
treasure of water

It is **good** to **work** with **others** and **share water**.

Water is not something that **one person** should **own**, it is for **everybody** to **share**.
