Litre challenge

1. Look at the drinks on the shelf pictured below.
ONE of these drinks contains a deadly super-slug fluid that will, if you drink it, turn you into a slug.
ONE of these drinks contains a fiery-fly fluid that, if you drink it, enables you to fly.

2. Read the scroll and then see if you can work out which drinks contain the Super-slug or the Fiery-fly.

3. Would you have more or less than a litre, if you mixed Super-slug and Fiery-fly? Would it turn you into a flying slug?

Challenge

Make up a puzzle like this of your own. What will your two super drinks be?
