

Double or half?

What is double each number?

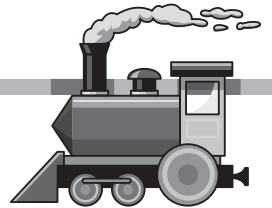

1 36	2 43	3 25	4 17	5 48

What is half of each number?

6 50	7 46	8 38	9 94	10 78

These pieces of ribbon will be cut in half. How long is each half?

		
11	12	13

Steam train challenge!

14 How many times can you double 3 before you run out of steam?

3	6						
---	---	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Number strips

Write the missing numbers in each strip.

The first one has been done for you.

20			
5	5	5	5

$$\frac{1}{4} \times 4 \times 5 = 20$$

15

15				

$$\frac{1}{5} \times 5 = 15$$

16

24		

$$\frac{1}{3} \times 3 = 24$$

Can you explain how you worked these out?

I found this:

Easy

Challenging
