These words are
words which are
actions Christians do
to be like Jesus.

We should build
bridges because we
can make new friends
with people that don't
have friends.

Why should we build bridges

**to create good friendship
with each other**

**because Jesus said on the
cross Father forgive them**

Why should
Christians
build bridges
with others?

Because Jesus
commanded us
to! Also in St.
Paul's letter to the
Colossians, he
said, 'Clothe
yourself in love!'

You can do it by
welcoming people,
being friendly or
building up
friendship.

Love

St. Paul said "Clothe
yourself in love"

Forgiveness

Pope John Paul
forgave the shooter
for shooting him

Why should we build
bridges with others?

We should build bridges with each
other because Jesus said "Love one
another as I have loved you."

How we should do
this?

We should go and ask
someone to be our
friend or if they want
to play with us.

meekness

do a job quietly

humility

Put others first

forgiveness

Say sorry

love

Be kind

you build

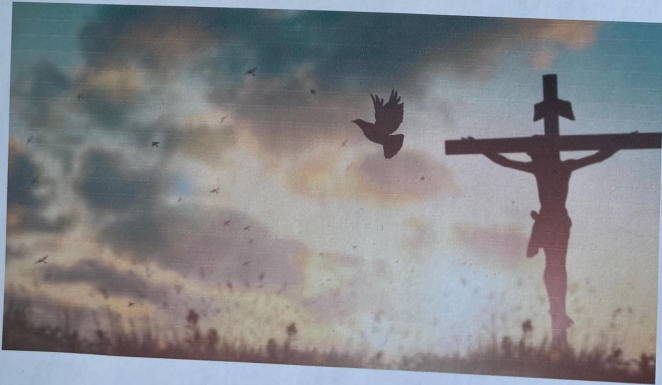

bridges to

make the

world

better

*It is good to build bridges
because it makes you happy*

WHY SHOULD CHRISTIANS BUILD BRIDGES?

Jesus said to love one
another like I love you

Build bridges, love one another, be
kind, be respectful, be nice, be
helpful.

Why should we build bridges with others?

BECAUSE OF GOD'S
COMMAND
TO LOVE ONE ANOTHER

How we should do this

ALWAYS SAY HELLO TO NEW PEOPLE
AND SAY SORRY WHEN
YOU DO WRONG
